BOY SCOUTS ARE BACK

Lads Had Ten Day Outing At Camp Rust, Near Leesburg.

ATHLETIC EVENTS.

Little Fellows Enjoy Outing With Varied Program and All Had a Good Time.

"Camp Rust, 1921," has passed into history. It was the first Pioneer camp to be held in Virginia. The boys returned yesterday in time for supper in the big truck of the Naval Torpedo Station, which took them to the camp ten days ago.

Camp Director Wallace characterizes the ten days' outing as "a camp without a quarrel." He says he has never had such a splendid bunch of fellows in camp before in all of his experience. Their ages ranged from ten to fourteen years and there were only three serious cases of homesickness, although a fourth had intermittent attacks before the quartette returned home at the end of the first week.

The boys quickly adapted themselves to camp life although it was the first time in camp for any of the boys and by the end of the third day the camp began to look as if real soldiers had been in charge. Two of the Alexandria Light Infantry boys who assisted in establishing the camp visited the camp Sunday and were quite surprised to see the transformation.

Sunday was visitors day and the parents and friends took advantage of the opportunity to see the boys "under canvas." Forty-five visitors representing fifteen families were counted on the camp grounds. Since Sunday school attendance was counted for all who were present at the Sunday services, it was discovered that six Sunday schools were represented on the camp roster, First Baptist, Second Baptsit, Trinity M. E., M. E., South, Grace and St. Paul's.

Camp life consisted of a regular program of religious, educational, social and physical activities, in which all the boys took part. The camp council had promised to make special mention and service awards in these four branches of the camp life, and Friday morning these were designated as follows: Physical, Wescott Hill; social, Edward Scott; educational, Robert Cochran and devotional, Reid Dunn.

The athletic events during the ten days resulted in the following championships: 50 yard dash, Spencer, first; McMenamin, second; W. Hill, third; 75 yard dash, McMenamin, first; Spencer, second; Cochran, third. Potato race, Baggett, first; Spencer, second, and Scott, third. Swimming, 30 yard dash, W. Hill, first; G. Hill, second; King, third.

The rowing race was won by Freddie Landon. In the pull up contest Baggett was first with 12 to his credit; Scott and W. Hill tied for second place with ten each. In the dipping contest a most remarkable record was established by Louis Goode, who raised and lowered his body on a horizontal plane 85 times. Mr. Wallace does not remember of ever having heard of such a record before. F. Parker was second with 62 dips, while Wm. Moore was third with 55.

Features of Girl Scout Lawn Fete.

A big time is expected by all who are interested in Alexandria Girl Scouts on Monday night, August 8th. At the lawn fete to be given by them on the lawn of the Young People's building, there are to be several attractive features, including an entertainment of some splendid musical and dramatic numbers. There will also be a real Gypsy fortune-teller, who will tell past, present and future to any one who would like to test her powers. The Girl Scouts have also arranged to have a Cinderella Match, in order to see who will win the prize for fitting on the magic slipper. The first pin ever worn by Mrs. Harding will also be on exhibition. Everyone in Alexandria should come to the party in order that the Scouts' dream of a fine camping trip may be realized.

Every ticket to the Girl Scouts lawn fete entitles the holder to a chance on a cake or a box of candy. When the crowd has assembled on Monday night, two numbers will be drawn and the two people who hold those ticket numbers will be presented with the cake and the attractive box of confections. There will also be present, in addition to many other attractive features, a real Gypsy fortune-teller, who will tell you all about your past, present and future. Come and see for yourself!

State News

Danville, Va., Aug. 6.—How prisoners in the city jail suspected of having taken part in a jail delivery plot were unmercifully beaten and threatened with further ill treatment was told here yesterday, when a investigation was made into the recent escape of James Mitchell and Arthur Bass, who succeeded in sawing their way out of jail and sliding down blankets.

Fredericksburg, Va.—The Fredericksburg Chamber of Commerce membership and their wives last night attended the August meeting of the Chamber on Brompton Heights, the home of Capt. M. B. Rowe, the lawn was electrically illuminated and the exercises were held in the open under the stately trees on the spot of the conflict between the opposing forces of the North and South during the war between the States.

Norfolk, Va.—The sunken steamer, Lake Calvenia, may either be raised and carried away or all parts not covered by 45 feet of water broken up and removed, under specifications released by Colonel J. C. Oakes, engineer for the Norfolk district. These specifications were released yesterday, and bids for the work will be opened on September 5. The work must be completed with in six months after contract is awarded, the wreck becoming the property of the contractor.

Norfolk, Va.—Echoes of a suit for $25,000 brought by Pasquale Pantaleon against Gus Charleston for alleged alienation of Mrs. Pantaleon's affections, were heard in police court today, when Pantaleon answered a charge of threatening violence against Charleston.
Two witnesses testified that they heard Pantaleon tell Charleston he would kill him, and Pantaleon's daughter, taking her father's part,

Blacksburg, Va.—The annual meting of the State Farmers' Institute, at the Virginia Polytechnic Institute ended at noon today, with the election of five directors, whose terms will begin January 1, 1922, and the adoption of a resolution urging that the State Legislature make added appropriations to enlarge the work now being done by the State college of agriculture, the extension division and the experiment station.

Newport News, Va.—Another general wage reduction at the ship yard was announced this morning, effective August 9. This reduction applies to both wage and salaried men and will average 12 1-2 per cent.

Clarendon, Va.—Arlington County Federation of Women's Clubs will hold their regular monthly meeting at the home of Mrs. Henry Lockwood, at Kirkwood terrace here on Monday, from 11 o'clock to 3, with a box luncheon at 12:30.

Lynchburg, Va.—The first death here from "sleeping sickness" for some time occurred Tuesday, the victim being a 1 year old colored child whose death occurred at the Lynchburg Hospital.

Wytheville, Va "There shall be no sectionalism in my administraiton. A united Virginia is necessary to a progressive Virginia," declared Senator E. Lee Trinkle when assured that the Democratic voters of the state had selected him as their candidate for governor in November.

Norfolk, Va.—With ten stab wounds in her back and the back of her head, Pearl McCormack, colored, left St. Vincent's Hospital this morning shortly after the knife was used on her. She is now at the home 413 East Bute street, where the stab bing occurred. Pearl claims that a negro known as Dad Wormsley, alias Johnson, alias Williams, did the stabbing, and the police are looking for him.

Petersburg, Va.—Fire destroyed one of the large government ware houses at Camp Lee, a few miles from Petersburg, Thursday. The warehouse contained medical supplies. The camp fire department arrived after the structure had been destroyed. Camp Lee was recently ordered abandoned and the force on duty there now is small. Loss, $50,000.

Norfolk, Va.—That dull gray barkentine rigged steamship anchored off Hospital Point today is the Nantucket training ship of the Massachusetts State Nautical School, She is just in from Funchal, Madeira, after 27 days, 14 of which were under sail, and after bunkering here will sail on her return to her station at Boston.

Danville, Va.—The authorities of Caswell County have written to B. O. James, secretary of the Commonwealth, at Richmond, asking him to give the owners of 46 Virginia automoibles, license numbers of which were taken Sunday evening on the road between Stokesland and Pelham, N. C. Repeated complaint recently of residents whose houses are near the road of dust clouds raised by fast traveling automobilists led to a trap being laid.

Rev. Robt. A. Magill, who was a student from Grace Church and who was ordained last June, will preach in Grace Church Sunday night at 8 p. m. Mr. Magill leaves for China next week.

WANTS ARMY OF 100,000

Plans for Reduction Made By Senator Borah, of Idaho.

SAVE $50,000,000

Wants Army Brought Back From Germany and Also Wants Ship Work Stopped.

Washington, Aug. 6.—Reduction in army and navy expenditures is the only hope of reducing taxes, Senator Borah, Republican, Idaho, declared in the Senate today, supporting his resolution to cut the army from 150,000 to 100,000 men.

"There are no places where we can cut expenses to any appreciable extent except the army and navy," said Senator Borah. "If we are not willing to do that we might just as well tell the country that we will do very well if we hold expenditures and taxes where they now are and that there is no hope for reducing taxes."

His proposed reduction in the army, Senator Borah said, would alone save $50,000,000 to $70,000,000.

Senator Nelson, Republican, Minnesota, urged reduction also in supernumerary" officers. Senator Borah agreed that it was "ludicrous," to have 14,000 officers for the present army, adding that $25,000,000 more might be saved by reducing the officer personnel.

Another way to save about $230,000,000, Senator Borah said, would be to abandon construction of navy ships, that air navy tests off the Virginia Capes had shown to be obsolete.

It was "somewhat discouraging" the Senator added, to see Great Britain planning four new great ships now the eve of the disarmament conference and "even more discouraging to have Secretary Denby announce right afterward that he would proceed with our building program" The Britsih program probably followed the American decision to proceed with its building program, he said.

Senator Borah interpolated a demand for return of the American troops in Germany.

"One of the solemn pledges of the campaign," he said, "was that this army would be brought out of Europe just as soon as the new administration could issue the order. It was repeated more than once and is a matter that is within our power to fulfill. I would not ask it if conditions had changed, but we are not informed that they have changed."

Expenses of about $1,000,000 monthly for the troops in Germany are chargeable to that county. Senator Borah said, but are actually being borne by the American taxpayers, as Germany is unable to pay. If the American troops are unnecessary there, the Senator said, it was unfair to pile up expense for Germany which might retard her recovery.

Senator Brandegee, Republican, Connecticut, said he also was "at a loss" to know why the troops were being kept abroad.

"A reply ought not to embarrass the administration, now that the war is over," he said.

Senator Borah said the Senate would have cut the army to 100,000 men and lopped $100,000,000 more from the Naval bill if it had not been for opposition from the executive departments.

Reduction of the army would be a demonstration of the United States' good faith, Senator Borah said, if done just before the disarmament conference.

Attendance Campaign.

Standing of Sabbath Schools.

	Attend	P.C.
Second Baptist	194	129
St. Paul's	173	116
M. E., South	336	100
First Baptist	403	99
Trinity M. E.	94	89
Second Presbyterian	126	88

There was no change in the standing of the Sunday schools in the attendance campaign last Sunday but there was a general increase in practically all of the schools in attendance. This may be partially due to the cooler weather or to the fact that the vacation season is drawing to a close. With the Labor Day picnic only a few weeks off the contest begins to take on a more interesting phase and the selection of the "first lady" becomes a definite objective.

Noted Violinist At Trinity M. E. Church.

Alfred Wertheim Will Play at Morning Servire.

Mr. Alfred Wertheim, a noted violinist, will play at Trinity M. E. Church at 11 o'clock service. Mr. Wertheim is one of the best known violinist of the younger class in concert work in America. Dr. Martin, pastor, will preach at 11 a. m. and also at 8 p. m.

SPEAKS FOR PLAYGROUNDS

Mayor Duncan Says 4,795 Children of School Age Here.

BAND CONCERT

Additional Ground Offered Salvation Army By M. B. Harlow—Seek Contributions for Equipment.

A large throng of men, women and children last night attended the concert given by the Citizens' Band at the playgrounds and at Lee and Wilkes street heard the concert given by the Citizens' Band. An excellent program was given which was greatly enjoyed by those in attendance. It was quite an occasion that the community was prepared to enjoy. Members of the Playground Association wish to extend through the columns of the Gazette most cordial thanks for the delightful concert. Mayor Duncan made an address in which he explained the value of the playgrounds in other cities. This city has 4,795 children of school age, he said, adding he was glad to announce for their benefit that the movement had been indorsed by the Kiwanis Club which organization will supply the necessary funds for paying the salary of a teacher for a period of one year.

The Lee street grounds, he explained, were loaned by the Southern Railway Company and that yesterday M. B. Harlow offered Capt. McIntyre of the Salvation Army the use of his property adjoining the Southern Railway property for the playgrounds.

Capt. McIntyre is in charge as supervisor and the mayor made an appeal to the citizens to contribute funds for the equipment. He stated that he would himself donate $50 to the fund. It is announced that any one wishing to contribute to the cause may send their donations to Taylor Burke, treasurer, care of Burke and Herbert, bankers.

CHEAP BOARD

Four Colored Men Pay $35 For $290 Worth of Grub

Exactly thirty-five dollars paid a board bill of four men amounting to anywhere from $290 to $500 owing by colored man to Chris Spottswood, 607 North Henry street. The four men were arrested by the police at the instance of Spottswood, Anyhow, one important witness was not present when the case was called and Justice Snow continued the hearing till nearly noon. There seemed to be a dispute regarding Spottswood's book-keeping. The court did not know. The men claimed they owed in the neighborhood of $290. However, it was a case of a long term at the jail which would result in Spottswood not getting any "kale" and all four racked up $35 which was agreeable to Spottswood as a compromise in settlement in full and Judge Snow acquitted the men.

PEACH SEASON CLOSES

4700 Cars Handled Over Southern System

The peach season is now over and the Southern Railway Company announces that a total of 4700 cars of Georgia peaches was handled by that company through Potomac Yards. It was one of the most successful season in recent years.

Suicide Or Canada Faces Grasshoppers.

Quebec, Aug. 6.—Countless dead grasshoppers floated down the St. Lawrence River today. Observers could offer no plausible explanation. At Three Rivers the insects covered the river from bank to bank at one point.

New York, Aug. 6.—New York Agriculturists advanced the suicide theory in connection with discovery today of myriads of dead grasshoppers floating down the St. Lawrence River. They explained that, having eaten everything behind them, the horde approached the river, failed to negotiate the broad jump and plunged ahead to death.

Pastor Is Flayed for Insulting Flag.

Lancaster, Pa., Aug. 6.—Refusing to preach over the body of a Manheim boy who died overseas in the Chateau-Thierry fight, because the coffin was draped in an American flag, the Rev. John Snavely, pastor of the Hernley Menonite Church today is the center of attacks.

The body of the former member of Mr. Snavely's congregation was resting at the entrance of the church yesterday when he issued his edict. The indignant family of the soldier then had the body removed to the United Brethren Church, where services were held.

THRILLING EXPERIENCE

Airplane Engine Goes Dead While 2,000 Feet In Air. Machine Damaged.

PLANE SMASHED

Occupants of Machine Escape Injury. Falls at Burgundy Farm, Three Miles South of Here.

With his engine going "dead" on him while 2,000 feet in the air, Capt. John Minnix, of Quantico Flying Field and his mechanic Corporal Taylor, at noon today had a thrilling experience while the machine hovered over "Burgundy" Farm, three miles southwest of Alexandria. The most remarkable part of their experience is that both men escaped injury, although the machine was badly wrecked.

News of the fall of the big airplane was sent to Alexandria and Chief Goods sent Policeman Durrer to the scene in a motorcycle and he conveyed Captain Minnix to this city and the latter notified the army officials at Quantico Field and later in the afternoon a force of mechanics from that place arrived on the scene and took charge of the machine and made arrangements to haul it back to Quantico.

Despite the fact that the engine had gone "dead" Captain Minnix was adroitly bringing his machine down and when a few hundred feet from landing his steering wheel, it is stated, broke and this caused the machine to flutter and land in the ditch. The falling of the big air bird attracted a large throng of persons in the neighborhood. many of whom expected to find both of the occupants killed or badly injured.

Baby Sole Survivor of Poisoned Family.

Winnipeg, Aug. 6.—Toadstools, eaten in the belief they were edible mushrooms, today killed seven persons in one family at Stuartburn, near Dominion City.

A six months old baby alone survived.

SERGT. ALVIN YORK MAY GET CAPTAIN'S PAY

Washington, Aug. 6.—A bill to give Sergeant Alvin York, of Tennessee, war hero, who captured many Germans singel handed, the rank of captain with retired pay, was introduced today by Senator McKellar, Democrat, Tennessee.

York is reported in straitened financial circumstances.

Deaths and Births In State Show An Increase.

Deaths in Virginia during the month of June numbered 2,456, an increase over the corresponding month of the preceding year, when there were 2,145 deaths, of 311, according to report issued yesterday by the Bureau of Vital Statistics. Deaths due to drownings decreased during the month, twenty white and ten colored being reported during June, 1920, and seventeen white and eleven colored during the past June. During the first six months of this year, deaths decreased from 16,715, the total for the first six months of last year, to 14,296.

Births reported during June totaled 5,562, an increase over June, 1920, of six. During the first six months of the year, births totaled 32,284. During the first six months of last year the number of births was 31,781.

Howard W. Smith has sold to L. Morgan Johnston house and lot 20, Section 5, Rosemont.

Miss Emeritta Warnock, daughter of Mr. Thomas Warnock, a former resident, now of Washington, and Mr. Frederick Earnshaw, of Washington, were married last night at the parsonage of St. Mary's Catholic Church, Rev. L. F. Kelly, assistant pastor, officiating.

DAUGHERTY GETS FISH AND TALKS ABOUT LAW

Petoskey, Mich., Aug. 6.—Attorney General Harry M. Daugherty left here today to visit his sister and mother in Ohio after a two days' vacation at the cottage of R. E. McCarthy, general manager of the Pennsylvania lines. He caught more than 100 fish while here and was entertained at a luncheon at which Thomas R. Marshall, former vice president and Judge A. B. Anderson, of Indianapolis, were speakers.

In response to a toast Mr. Daugherty asserted that the man who does not support the laws of the land is not entitled to their protection.

FREIGHT CARS DERAILED

Accident Late Last Night At Remmington, Virginia.

NO ONE INJURED

Tracks Blocked for Six Hours As Result—Defective Wheel Thought Responsible for Accident.

Fifteen box cars of a northbound Southern Railway freight, most of which were filled with merchandise, were derailed at 11:30 o'clock last night a mile and a half below Remington, about fifty-two miles from Alexandria. No one was injured. A number of the cars were badly damaged and some merchandise destroyed. A defective wheel is believed to have been responsible for the accident. Most of the cars on this train were from North and South Carolina. They were to Potomac yards.

The train was in charge of Conductor Mellon and Engineer Peterson, of Alexandria.

Immediately following the accident a wrecking crew was sent out from this city and it was six hours before the big steam derrick cleared the tracks. As a result of the accident, both north and southbound trains over the line were delayed till the tracks were cleared.

ELECT DELEGATES

American Legion Selects Representatives

At a meeting of Alexandria Post No. 24, American Legion, held last night in the Opera House, Capt. George H. Evans, Gilbert J. Cox, Jr., and Milton Glasgow, were chosen delegates to the state convention of the legion which will be held in Norfolk the first week in September. Considerable business of a routine nature also was disposed of.

Gunn Continues To Cut Into Lead of Senator West.

Richmond, Va., Aug. 6.—With returns not yet in hand from forty-five counties, and with several of those received incomplete, Senator Junius E. West, of Suffolk, is leading for the Democratic nomination for Lieutenant-Governor by somewhat under 6,000 plurality over Senator Julien Gunn, of Henrico.

In a number of the counties to be heard from friends of Senator Gunn expect substantial accessions to his figures. Last night's tabulations, on the basis of dispatches to this newspaper, gave West, 39,960 votes; Gunn, 33,976, and Gilpin, 22,943.

Gunn leaders are claiming the counties of Charles City New Kent, James City and Nelson. In others where West hoped much, it is said that Kenneth N. Gilpin won out, and this is said to have helped in cutting Senator West's lead.

Lou Tellegen Sues Geraldine Farrar for a Separation.

New York, Aug. 6.—Lou Tellegen, actor, has filed suit for separation from his wife, Geraldine Farrar, opera singer, on a charge of desertion, it was announced tonight by Tellegen's counsel.

The suit, according to Tellegen's attorney, followed a letter received a week ago from Miss Farrar's lawyers, telling him that certain difficulties which were not made public, could be talked over in the law office. In the meantime, the letter said, Tellegen was not to approach his wife nor to enter her house. He found the lock of their residence changed and was denied admission, his counsel assert. Servants told him his wife was out of the city.

Mr. Tellegen, his counsel declared, attempted for several days to get into communication with his wife before filing his suit, but met with no success.

TWO MORE ARRESTED IN $750,000 MAIL THEFT

Chicago, Aug. 6.—Two men alleged to be implicated with John W. Worthington and Owen Evans, said to be at the head of a band of mail thieves, were arrested in a hotel room today. They are Charles W. French, said by the police to have an international record, and a man named Hawkins. With them was Alva Harshman, of Milwaukee, who was at liberty in $1,000 bail as a government witness. French was released on his own bond of $1,000

French was named in indictments returned by a Federal grand jury against Worthington, and Evans, and a score of others. He is alleged to have been chosen to handle bank accounts which were traced to European cities.

WASHINGTON DAY BY DAY

(From Our Special Correspondent.)

Washington, Aug. 6.—Not only is there almost united opposition among the Republican members of the House Ways and Means Committee to the tax revision plan proposed by Secretary of the Treasury Melon, but Republican leaders generally are outspoken against it. Men like Chairman Fordney of the Ways and Means Committee and Republican Floor leader Mondell seem to be determined to cut the tax bil of the nation, whether or no, taking a chance that revenues will balance expenditures and providing the difference by a loan, if necessary. Democrats are laughing up their sleeves at the dilemma which the Republican leaders find themselves confronted with on account of the attitude of Secretary Melon and they will make the most of the situation by the time the next election for members of the House rolls around.

Revision of Schedule

Fordney and Mondell are acting on the theory that with less to spend the government will spend less in order to avoid a loan. The more money available, they claim, the more the government heads will spend. Fordney is insisting upon a revision of the tax schedules downward. He will not accept the scheme of Secretary Mellon for revision some taxes downward and making up for them by the imposition of new taxes which Fordney believes are too general in their application to be popular.

Mellon says the Treasury, in making estimates, cannot take into account "paper-savings or hoped for reductions in expenditures." Fordney says these hoped-for reductions must be taken into account.

The Treasury head is opposed to financing the government by loans in the event of a revenue shortage and would use any surplus revenue for refunding operations. Fordney believes that a loan is not necessarily an evil, and is against any kind of refunding operations at this time.

Secretary Mellon estimates increased receipts from the new tariff law at only $150,000,000 a year. Fordney believes that the excess will be at least $300,000,000 a year and possibly more.

A total of $217,000,000 a year would be raised by Secretary Mellon from three new taxes, those proposed on automobiles, bank checks and increased postage. Fordney is strongly opposed to the tax on bank checks and the increased postage and would approve the automobile tax only as a last resort.

It would seem, therefore, that these differences will be a difficult matter to adjust when it comes to whipping into shape the tax revision bill that is to be brought into the House. As the situation looks at this writing, there does not appear to be any possibility that Secretary Mellon will be able to convince the Ways and Means Committee that his plan is the right one and the one that should be written into the statute books.

Translantic Flight

The American people generally will watch with the deepest interest the forthcoming flight of the ZR-2, the great new rigid airship from Howden, England on August 25 on its trip across the Atlantic Ocean. Members of the naval air service predict that the big airship will establish a new record for trans-Atlantic flying and estimate that the ZR-2 should make the trip in ninety-six hours—four days and four nights.

The ZR-2 is the largest rigid airship yet constructed in any country. Her length is 695 feet, her diameter 85 feet 4 inches, her capacity is 2,700,000 cubic feet and she is capable of lifting 83 tons. She is the first of two rigid airships to become a part of the American fighting forces. The other is the ZR-1, which is now building.

The United States paid $2,000,000 for the airship. The hangar at Lakehurst, N. J. cost another $2,000,000. A crew of 500 men is required to get the craft in and out of the hangar.

In July, 1919, the British dirigible R-34, made the first trans-Atlantic non-stop aerial trip in history, going from East Fortune, Scotland, to New York in 108 hours and 12 minutes. The ZR-2, a larger and faster ship, is expected to clip considerable time from the record established by the British dirigible provided westerly winds do not prove too much of a handicap. She will have a cruising speed varying from sixty to eighty nautical miles an hour and will be able to remain in the air about a week when not in motion.

Seek Nurses

The United States Public Health Service is going to afford an opportunity to any young women in Alexandria who desire to follow the profession of nursing. It proposes to establish a training school for nurses from which graduates will be given a diploma and a chance to assist in caring for disabled military patients.

Training will be given in certain hospitals in the Public Health Service. Schools will open on September 1 at Fort McHenry, Baltimore and at Fox Hills, Staten Island, N. Y. The course will be three years. A credit of nine months or approximately an academic year will be given to grad-

CHILDREN'S PLAYGROUNDS

The Gazette is glad to note the progress being made in the Children's Playgrounds for the city. The public-spirited men and women who have had this project in charge for several years are apparently in the way of reaping a rich return for their labors. They have aroused an interest in Alexandria that is spreading and becoming more pronounced every day.

At the weekly dinner of the Kiwanis Club last Thursday, the matter was brought up before the members and the response was spontaneous and enthusiastic. President Warfield presented the topic in few words, but so well-chosen and eloquently adapted to the subject that at their conclusion there was an outburst of applause and sympathetic approval. When the committees were appointed their responses and pledges resembled the sharp cracking of a machine gun. One of our dignified bankers shouted as he grabbed his list to be filled out, "Count the money as raised already!"

A visitor from the Washington Kiwanis Club took occasion, in his subsequent remarks, to compliment the club, saying that the true Kiwanian spirit was displayed, and that the Kiwanis Clubs everywhere were always first and foremost in works for the public good.

We congratulate the Playgrounds Association on the enlistment of this large-hearted body of men in its behalf, and assure them, although this may be superfluous, that they may count the sum of a thousand dollars as already in their exchequer. We likewise thank the Kiwanis Club for its generous action in behalf of the city's children. We do not need to remind the members of this organization, whose every meeting is opened with the Lord's Prayer, of the words of the Master as to those who do good to and for the little ones.

BOY SCOUTS ARE BACK

(Continued from page one)

W. Hill, who jumped 18 feet, nine and one-half inches. The standing broad jump and shot put records were misplaced and could not be located this morning. The baseball throw for distance went to Spencer who threw the popular American sphere 166 feet, 4 inches. The quoit tournament was captured by McMenamin, and the baseball tournament which comprised three teams, went to a team captained by Spencer.

The feature diving contest went to W. Hill, first; Baggett, second, and King, third. The diving contest for form was awarded to W. Hill, frist; Robey, second, and Baggett, third.

Several hiking parties toured the surrounding country and Wednesday afternoon the entire camp hiked to Leesburg for a look at the city that has the distinction of having been the capitol of the United States for forty-eight hours. The boys gave vent to their natural tendency to spend money and filled up on the town's choicest viands, returning to camp late and eager to get to bed after the eight mile hike.

Fishing was indulged in some but not with very great success. A pocket knife offered by the camp director went to Kenneth Rhoades, who pulled in the largest representative of the finny tribe.

Plans were started for the camp next year which the boys will enjoy with over one hundred and fifty dollars worth of equipment to begin with. This consists of two boats, an army field range, ice chest, extra tent, kitchen utensils, swings, hammocks, etc. David N. Rust, for whom the camp is named, was a constant visitor at the camp, and expressed himself as highly pleased with the manner in which the camp was conducted. He has extended an invitation to the Y. M. C. A. to make the place a permanent camp and this will probably be done.

WHERE ONION SEED COMES FROM

Onion seed is for the most part grown on the island of Teneriffe, and exported from the port of Santa Cruz de Teneriffe by merchants of this island. Some seed is also grown on the island of La Palma, and further small amounts are produced on Gomera and Hierro. Production varies considerably from year to year depending upon contracts placed the year previous by American seedmen as well as upon natural conditions.

Planting is done in October and November ,and harvesting in June, July and August. Exportation to the United States usually begins early in July and should be completed soon after the middle of August so that it reaches Texas onion growers in time for their fall planting.

Wives Bought and Sold

(For the Gazette.)

In Persia the bridegroom is obliged to give his bride a certain sum of money in addition to other presents.

In Greenland all the negotiations for a marriage are transacted between the parents of the interested parties.

In Turkestan a wife can be bought for as little as a box of matches.

In Mongolia the cost of a wife varies from five camels for a young girl to thirty or forty camels for an old widow, the latter being quoted higher than all other classes.

In certain parts of India no girl can marry unless her father has been pacified by a gift of rice and a few rupees.

In Alaska marriage among the natives is a trade between the man and the woman's mother, in which the bride has no choice.

In Turkey the "fair price committee" on wives announces that the latest quotation is about $1.35 present exchange rate, for good-looking wogos as low as 15 cents.

uates of accredited colleges. All candidates should make application in person or writing to the Surgeon General of the U. S. Public Health Service, with headquarters in Washington.

No tuition fee will be required. Students will be provided with quarters, subsistence, laudry and text books through the course. They must provide their own uniforms, however. A monthly allowance of thirty dollars for the first two years and fifty dollars for the third year to meet these and other school expenses will be made. Reasonable medical treatment will also be supplied free of charge.

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did." — Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

Do You Feel Safe And Satisfied?

Do you go to bed at night with a feeling of satisfaction that your family and your dearest possessions are fully protected in case you are visited by fire, tornado or burglars during the dark hours? Can you bring yourself to sleep in security or are you forever on the anxious seat regarding your choicest possessions?

If you are, it is high time to visit a specialist in the protection of your home, your household goods, your automobile or your life. And this is the kind of protection this firm has made a reputation on during the past several years. We furnish you with a policy that is a guarantee that your belongings will be fully and carefully taken care of in the event of any unforseen happening and we invite your visit to our office.

More automobiles are being sold and delivered today than ever before and the man who drives his car without full protection is wilfully taking a chance on losing its entire value. An accident may be the drivers fault or it may be the fault of another man—in any case, providing it is an accident—our insurance policies cover the damages and insure the value of the car to the owner.

Or you may accidentally hit some human being and be liable to damages on this score. Our liability insurance is full protection even against this kind of an accident.

May we serve you as we have served hundreds of others in this city?

NEW SCHOLARSHIP ADDED TO WILLIAM AND MARY LIST; GIFT OF ROBERT H. HUGHES.

New York, Aug. 6—Establishment of a scholarship in memory of his father, Robert W. Hughes, at the College of William and Mary by Robert M. Hughes, of Norfolk, is announced by Admiral Cary T. Grayson, chairman of the college's national endowment committee.

A gift of $2000.00 from Mr. Hughes to the William and Mary endowment fund founded the scholarship. The donation marks the latest of a series of scholarships being established at William and Mary by descendants of the Virginians of past generations who were alumni of, or otherwise connected with Virginia's first college.

Robert W. Hughes, for whom the scholarship is a memorial, was born June 6, 1821 in Powhatan County, Virginia. He read law and settled in Richmond in 1846, but soon developed a taste for literary and editorial work, and became one of the editors of the Richmond Examiner, in collaboration with John M. Daniel. During the administration of Buchanan he edited the Washington Union, but returned to Richmond at the outbreak of the Civil War, and again joined the editorial staff of the Examiner, which became the great war upper of the Confederacy. After the war he edited in succession the Richmond Republic and the Richmond State Journal. In 1874 he was appointed by President Grant District Judge of the United States for the Eastern District of Virginia, and served until 1898, when he resigned. He died December 10, 1901. He was the author of Biographies of John B. Floyd and Joseph E. Johnston, and also of several treatises on financial and legal subjects. In 1881 the College of William and Mary conferred on him the honorary degree of LL.D.

Robert M. Hughes, the donor, is an alumnus of William and Mary, and one of the most distinguished of her living alumni. For many years a leading member of the Virginia bar, he is one of the country's chief authorities on Federal law, his works "Hughes on Federal Procedure" and "Hughes on Admiralty" being standard text books on the subject. Mr. Hughes is chairman of the executive body of the endowment fund committee working in the interest of William and Mary, and has given generous support to his Alma Mater before. A number of years ago he established at the college the James Barron Hope and P. Kappa Alpha Scholarships.

The Robert W. Hughes Scholarship will exempt students from the payment of all college fees, except matriculation, student activities and athletic fees. It will be awarded by the faculty on the basis of merit.

In order to serve its patrons, one of the large New York hotels requires in a single year 375,000 pounds of butter, 500,000 quarts of milk, 90,000 quarts of cream, and upwards of 2,000,000 eggs. In one year the laundry department of the same establishment handles about 15,000,000 pieces of work.

Y. M. C. A. LAW COURSE

Deserving young men in Maryland, Virginia, and West Virginia who desire to take up the study of law are to be given every possible sasistance by the Washington Y. M. C. A., according to a plan which is being worked out by the Director of the Department of Education.

Owing to the fact that many young men living in smaller towns and cities of the country are unable to fulfill their ambitions to study law because of financial limitations, the "Y" is extending its service into this particular field, and through its Employment Bureau will endeavor to find employment in Washington for a limited number of deserving young men, thereby making it possible for them to attend the night law school which is a part of the educational department of the Washington "Y".

Editors, ministers, lawyers, judges and others are asked to submit the names of such youn men as come under their observation. The "Y" will endeavor to locate them in permanent day positions. Those who submit names are requested to be certain of the qualifications of the person recommended, especially as to morals, educational qualifications, and aptitude for the profession of law.

Inasmuch as graduates of the law school are required to have a high school certificate, it is desirable tha the persons recommended shall meet this requirement, but those who have completed two years of high school work will be allowed to enter, and a program will be arranged which will enable them to remove these requirements before completing the Law work.

Information is also desired regarding the candidate's age, the kind or kinds of work for which he is best fitted, and any other information which will be helpful in placing him in the right kind of position.

Names of candidates should be sent to Arthur L. Ward, Director, Department of Education, Y. M. C. A. 1736 G St., N. W., Washington, D. C.

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

If every one listened to experience, how much they'd save

STOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

* * *

Perhaps it's the *experience* of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

When these men have tried most everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know *what not to get.*

They want a *fresh, live tire.* With a good reputation. That's everything it says it is. With the people behind it who back it up.

* * *

There are 92 U. S. Factory Branches.

Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you *service.*

Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are *newly made this season's tires.*

Sold to you at a *net* price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

FRIDAY, AUG. 6, 1813.

ENEMY IN SIGHT.

Baltimore, Aug. 5, 1813.

Capt. Goroon's report yesterday stated that a ship of the line a frigate and a brig arrived off the mouth of Chester River last night, and have been proceeding up towards Swan Point, all the morning. They have taken nothing that I have heard of—in the course of today they will have sounded the shores, when I may be better able to judge of their intention. An enemy's brig is in sight from the Observatory.

Annapolis, Aug. 4, 1813.

There are now in sight, down the Bar, 14 sail, nearly opposite Poplar Island, who are proceeding up the Bay under full sail. Two frigates and a schooner have passed this place and are nearly opposite Sandy Point.

AN ANNOUNCEMENT appears of the recent publication of Walter Scott's "Lady of the Lake"; and a lament in verse that the famous poet had declared he would write no more poetry.

Davis, 1st; Rammage, 2nd; Edwards, 3rd; Howard, S. S.; Pettitt, lf., Chauncey, cf. Duty, rf., Blunt, p., Whitton catcher. All players are requested to meet at Doniphan's corner at 8 o'clock. H. E. Howard, manager.

The Destroyers A. C. will journey to Washington tomorrow to play the fast Clover A. C. This team holds one defeat over the home boys. Score 7 to 8. The local boys hope to take this contest as they will have the following players: Ludlow, 1st base; Wood, 2nd base; Dreifus, sb., Lane, 3rd base; Cockrell, lf.; Ludlow, cf.; Pearson, rf.; Lash, catcher; and Grimm, Snellings, and Stover, pitchers. Grimm is the probable selection. All players are requested to report on King and Columbus streets tomorrow at one o'clock.

Dreadnaughts offer for your attraction today the Brookland team on Baggett's field at 4 o'clock. This is one of the strongest organized independent teams in this section and is a combination of ball players that no team can underrate. On their other visit here earlier in the season, they gave the D's the toughest game they have played this season, and it was only by consistent hitting and a winning spirit that enabled them to defeat this team. This team has defeated such teams as the Knicks, Shamrocks, Metropolitans and others this season. A better Saturday's game and the management is lucky to book them. Show your appreciation by filling the park and se a real snappy game of ball. Alexander or Frye will work with Stevens doing the receiving. Sunday at 3 o'clock Rex will be the opponents.

HELP THE OLD FOLKS.

A Helping Hand Extended to Many Old People in Alexandria.

The infirmities of age are many.
Most old people have a bad back.
The kidneys are often weak.
Or worn out with years of work.
Backache means days of misery.
Urinary troubles, nights of unrest.
Doan's Kidney Pills have helped to make life easier for many.
They are doing so for old and young.
Alexandria people are learning this.
Ask your neighbor!
Read the following local endorsement.

B. C. Hall, 115 South Payne St., says: "My kidneys were so sore I could hardly get up or down. I was so weak and lame across my back it was all I could do to bend and lace my shoes. I was always in misery no matter what position I was in. On top of all that I suffered from headaches and nervousness and my kidneys acted so freely at night I couldn't get any rest. Someone told me about Doan's Kidney Pills and I got a supply at Ashton's Drug Store and I was surprised at the quick cure I got. I have had no return of kidney trouble since using Doan's."

IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF VIRGINIA.
Virginia Shipbuilding Corporation,

Plaintiff, vs. United States Shipping Board Emergency Fleet Corporation and the Groton Iron Works, a Corporation organized and existing under the laws of the State of Maine, having its principal office and place of business in the town of Groton, County of New London, Connecticut.
MEMO.
The object of this proceeding is to have a settlement of the accounts between the plaintiff, Virginia Shipbuilding Corporation, and the United States Shipping Board, Emergency Fleet Corporation and in connection therewith a settlement of accounts between said United States Shipping Board Emergency Fleet Corporation and the said Groton Iron Works, so far as the settlement of accounts between the latter two corporations may be necessary or practicable or material in settling the accounts between the plaintiff and said United States Shipping Board Emergency Fleet Corporation.
An affidavit having been made and filed that said Groton Iron Works is non-resident of this State and that service cannot be had upon it in this State, and that its last known Post Office address is the town of Groton, County of New London, Connecticut, it is ordered that said Groton Iron Works do appear in this Court in said cause within ten days after due publication hereof and do what may be necessary to protect its interest in this proceeding. It is further ordered that a copy hereof be published once a week or six successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Virginia, and that a copy be posted at the front door of the Court House of the Corporation Court of the City of Alexandria, Virginia and at the front door of the Post Office building in the City of Alexandria, Virginia, wherein the United States District Court for the Eastern District of Virginia, is held, on or before the 18th day of July, 1921, that being the next succeeding rule day after this order is entered, and that a copy hereof be mailed to Groton Iron Works at its last known Post Office address in the town of Groton, County of New London, Connecticut.

Those reform preachers who designed the moral gown for women did a good job. Now to design a woman who will wear it.—Houston Chronicle.

"Now, friends and comrades," said the street-corner politician, after a long speech made in the pouring rain, "any questions?"
"Yes," piped all that remained of his audience, an urchin. "Can I'ave the box you're standing on to make a go-cart with?" —The Evening News (London).

"Some of the laws you have helped to frame have not been rigidly observed."
"I'm not complaining," replied Senator Sorghum. "Even Moses could not insure a strict enforcement of so simple and explicit a set of rules as the Ten Commandments."—Washington Star.

In a large park in one of the Eastern cities there are seats about the bandstand with this notice posted on them:
"The seats in the vicinity of the bandstand are for the use of ladies. Gentlemen should make use of them only after the former are seated."—The American Legion Weekly.

A small girl was "afraid of the dark." Her mother, anxious to overcome this weakness, said as she was leaving her, "Remember, darling, that an angel will still be with you when I take the candle away."
"Mummy," pleaded a small voice, "I'd much rather you took the angel and left the candle."—Boston Globe.

The Sunday School teacher was talking to her class about Solomon and his wisdom.
"When the Queen of Sheba came and laid jewels and fine raiment before Solomon, what did he say? "she asked presently.
One small girl, who evidently had experience in such matters, replied promptly: "'Ow much d'yer want for the lot?"—The Evening News (London).

An American Doughboy in France

By ELLIOTT F. HOFFMAN

(Historian of Alexandria Post, No. 24, American Legion.)

(For the Alexandria Gazette.)

IN THE TRAINING AREA.

Our training area was located about eighty miles from Chaumont, the General Headquarters of the A. E. F. We were billeted in small towns, none of which had a population of more than three hundred people, which consisted of elderly men and women and children. We had sleeping quarters in barns, hay lofts and vacant rooms with "concrete carpets." Our rations were of a substantial quality, but necessarily very limited in quantity. During our ten days in training only canned meats and hard tack were furnished—coffee with milk but no sugar. This article was almost unknown to the cambat troops with which the writer served and accounts perhaps for the soldiers' requests for chocolate and other sweets from home.

On our arrival at the training area the boxes containing the "Soldiers' Kits," prepared by branches of the Red Cross and which were shipped over on the boat with us, were unpacked and distributed, one to each soldier. They contained handkerchiefs, comb, jack-knife, mirror, buttons, nedeles, cotton, tobacco and chewing gum.

Our training had lasted just ten days when a call came from the "Rainbow Division," officially known as the "42nd," for replacement to fill the ranks of those lost in the Chateau-Thierry engagement which had just ended. Several hundred men were selected to go, among whom were many who had not received infantry training and quite a number who had not been taught how to load a rifle. We were conveyed in trucks to a small town named Blevencourt, where the Rainbow Division was resting, and distributed among the companies of the 168th regiment of infantry of that division. We were billeted in small buildings about twice the size of an average sized garage. It was here that we first met "cootie," our "closest" personal enemy and who was destined to remain with us until the time for the band to play "Good-bye France—Hello Broadway." Our training there lasted only three days, when suddenly we were told to "roll packs"—it was the beginning of six nights of hiking to take our place with the first army corps for the first all-American offensive which opened at 1 a. m., Septmeber 12, 1918, at St. Mihiel.

With the approach of darkness our journey began and became a reality of our camp song, "There'll Be Miles and Miles of Hiking Into No Man's Land in France." We covered about an average of sixteen miles per night, usually arriving at our stopping place between 3 and 4 o'clock a. m. We camped in open fields and were permitted to sleep until 10 a. m., when breakfast every morning during the hiking period. At 6 o'clock in the evening we had supper and contined on our journey. In many of the towns we were able to buy milk and eggs from the inhabitants and occasionally jam was obtainable. The Y. M. C. A. met us in one town and sold chocolate at a very nominal cost. As we came near the front line we were quartered in woods, and our rolling kitchen and water wagon were camouflaged to prevent detection by the German planes, which, from the number of air raids made on us, were convincing to us that our approach was well known to the enemy.

On the night of September 10, 1918, we took up a position in a woods about four miles from the line and completed preparation for our movement to our position in the line. It rained all day and night two days prior to the engagement, and even the French tanks assigned to our regiment had difficulty in moving over the roads. Early in the afternoon we were given one hundred rounds of ammunition and ordered to clean and present our rifles for inspection. One of our number accidentally killed himself while doing so. A small number of men were detailed to remain behind with the kitchen and water wagon and the balance of us, to the approach of darkness, moved out of the woods with the best wishes of our kitchen guards that we would not get "bumped off" in the battle. The roads had become congested by the movement of the thousands of troops and it was necessary to stand for two hours in a rain storm while the congestion was being relieved at a point about one mile from the line. We were told to discard all equipment except our gun, ammunition, mess kit, canteen, one blanket and our emergency rations, which consisted of two pounds of corned beef and four boxes of hard bread. At 12:50 a. m. every man was standing at attention with loaded rifle in the trenches of mud and water amidst a most terrific rain storm. At exactly 1 a. m. the big guns began to shell the German line, and thus began the battle of St. Mihiel.

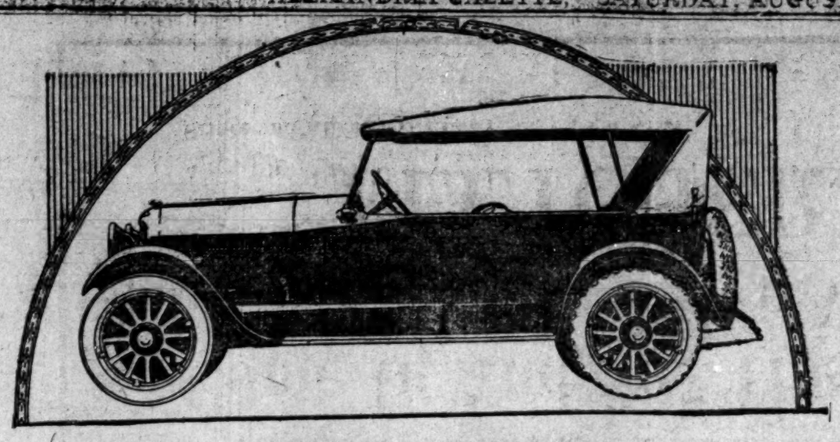
EXTENT OF FREE CULTURE IN SPAIN

It is calculated that Spain has approximately 1,600,000 beehives, nearly all of which are found in the Valencia, Aragon, Valladolid, Guadalajara, and Majorca districts. The annual production of honey amounts to about 19,000,000 kilos (1 kilo—2.2 pounds), which at the price of 2.50 pesetas per kilo represents a value of 47,500,000 pesetas (1 peseta—$0.198 at par value). To this figure there must be added the value of the beeswax.

Under normal conditions some 60,000,000 pesetas worth of honey and wax are yearly produced in Spain.



PAIGE

The Most Beautiful Car in America

More Than Par Value

At the new price of $1635 the five-passenger "Glenbrook" gives you gratifying evidence of how far your dollar can go today.

Here is a brand new product—not an old model carried over as a 1921 motor car. And it is a sound, practical investment because with the Paige first cost is last cost.

The "Glenbrook" is endowed with the thrift idea. It has respect for your pocket book when it comes to gasoline, tire mileage and repair bills. And as for performance—

Imagine a motor that accelerates from five to twenty-five miles an hour in nine seconds flat! Then you will have a new vision of what to expect when you sit behind the wheel of the "Glenbrook" and accept any challenge of the road.
